

Shopping Guide

Family Member Name	Sizes					Favorite Activities	Other Clubs, Sports Teams, Interests, Etc.
	Dress/Suit	Shoes	Pants	Socks	Underwear		

Shopping Guide

Instructions:

This sheet is a wonderful tool used to keep track of different family members and their sizes, likes, and hobbies. You can even fill it out and give it to grandparents around the holidays to help them with their shopping. Simply enter the name of the person in the first column. Under the SIZES section, enter their size for each of the different items. Then record their favorite activities, interests, clubs or teams.

Some information is just good to have on hand. Other information is very important and the need to know it may not arise often, but when it does you have one secure place to keep it....on The KEY. Check out The KEY software USB drive on our website at www.thekeyproducts.com
